## Earth, Wind & Fire, Fall In Love With Me

I can tell you that love Is too deep to be played on Down the line, you'd find Time would reveal who to count on

I'm well inclined to use the lines That comes from the learning tree Yeah, yeah, let the seed that grows And ages old give us our destiny

Baby, you know I could pick you up Turn your life around If you fall in love with me I would build you up Never let you down If you fall in love with me

If you're having
Second thoughts from the past
I can cool you out
I've been there before
Right down to the core
I can sing and shout

I can't hold back what I feel I bring experience I'll be your rock When Gibraltar falls Baby, give me a cause

Baby, you know I could pick you up Turn your life around If you fall in love with me I would build you up Never let you down If you fall in love with me

Baby (oh, baby) in love with me Find yourself a part of me Baby, in love with me Help yourself to all of me

I've got your number And I wanna shout (Falling in love) I dig you, baby Come and check me out (Falling in love, baby)

Baby, you know
I could pick you up
Turn your life around
If you fall in love with me
I would build you up
Never let you down
If you fall in love with me

Baby, in love with me Find yourself a part of me Baby, in love with me Help yourself to all of me Ba ba ba ba ba.... Can you fall in love, oh, baby Hey, baby, can you Fall in love with me, yeah

I could pick you up
Turn your life around
If you fall in love with me
I would build you up (oh, baby)
Never let you down
If you fall in love with me
(Yeah, yeah, yeah, yeah)

Ba ba ba ba... Can you fall in love with me...
