## Earth, Wind & Fire, Wanna Be With You

Maurice White & amp; Wayne Vaughn

Yesterday seems like so long ago This space I'm in, reminds me so Of the times, I use to rip and run Shootin' my guns and out for fun

As time passed by, I changed my point of view Started to search for someone like you You made me feel so much love from the heart Enough to know we'll never part

I wanna be with you That's all I want to do I wanna be with you That's all I want to do I wanna be with you

Look at you, like someone from a dream You came to me, in time of need You are the best, You're different from the rest You take the cake, for goodness sake

I take you out, to prove that it's true The greatest love I ever knew Is in my arms, for more than just a night 'Cause baby now, you are my life

I wanna be with you That's all I want to do I wanna be with you That's all I want to do I wanna be with you
