

# Ed Sheeran, Collide (Equals)

Oh yeah we've been in the rain  
Been on the rocks but we found our way  
We've ordered pizza to aeroplane  
Slept on the beach like we were castaways  
We've been in the storm  
Been to an Irish bar in central Rome  
Driven to hospitals with broken bones  
Shared a toothbrush and shared our home

We've seen the moon reflect on the rolling tide  
Been up at 5am watching the sunrise  
Because the world looks better when I'm by your side  
Oh I oh I, oh I

When you and I collide, you bring me to life  
You bring me to life  
Yeah you bring me to life  
You bring me to life

We've been on the road  
We've watched the blossom fall to earth like snow  
Fumbled in cubicles in Tokyo  
And been to funerals in rented clothes

We drank your father's whiskey when your grandma died  
You brought me to the morning through my darkest night  
Yeah the world hurts less when I'm by your side  
Oh I, oh I, oh I

When you and I collide, you bring me to life  
You bring me to life  
Yeah you bring me to life  
You bring me to life

Head first, colliding  
Dreamers, colliding  
Universe, colliding  
Your love let the light in

We made love in the sky  
Overslept and missed the northern lights  
You lost your wedding ring but I didn't mind  
'Coz I got a feeling baby we'll be fine
