

Ed Sheeran, I Don't Want Your Money (feat. H.E.)

hey
I waited for you all day

I been away on the road
for a little while
today I am heading home
to make my baby smile
she hates it when I am more than a 1000 miles away
and I am not there to pick up
when she dials

she's always looking back
and saying there was a time
when you would be around
every single night
now, I am not saying
that I want another guy
but I need you here
for the good times and the bad times

the pulling out my hair
getting mad times
not just when I am in your bed
on my back time

baby, every time I call
is a bad time
just want you there
on your own

there ain't diamonds, no silver or gold
that can replace a man's love in the home
and she keeps telling me
over and over
she say:

I Don't Want Your Money
baby, no
you know
I just want your time
she say:
I Don't Want Your Money
baby, no
you know
I just want your time

I used to be around more
but I was strapped for cash
that's not attractive
working my ass off

trying to make a success
outta myself I guess
I could have been more present
but I was in a mess

I remember being on tour
saying up on the phone
30 minutes conversation
boy when you coming home?

I can't be building a family
life here on my own
baby I am doing it for us

so why you taking that tone?
ca 2019 roku.
