

Ed Sheeran, One Life

It's such a beautiful night, to make a change in our lives
East Anglian sky, empty bottle of wine
I got you by my side, talking about love and life
Oh how lucky am I, when I look in your eyes?

What a wonderful way, to spend a moment or two
To be lying awake, and be here talking to you
I got something to say, I know what I got to do
To be making a change, now the moment of truth

Why am I feeling so nervous?
When things are going so perfect and
Now I know that it's worth it to
Spend forever with you

So I count to three and get on one knee
And I ask you, darling honestly
I've waited all this time, just to make it right
So I'll ask you, tonight, will you marry me?
Just say "Yes"
It's one word, one love, one life

A gentle touch of the hand, fingers running through hair
Lips pressed to my lips, oh I was caught unaware
Arms holding me tight, tears in both of our eyes
What a beautiful way to spend the rest of our life

Some will reappear, burning auburn and red
I'll chest the pill, bring us home to bed
Last night was the night, one last moment of truth
What a wonderful way, to fall in deeper in with you

Why was I feeling so nervous?
When things were going so perfect and
Well, now I know that it's worth it to
Spend forever with you

So I count to three and get on one knee
And I ask you, darling honestly
I've waited all this time, just to make it right
So I'll ask you, tonight, will you marry me?
Just say "Yes"
It's one word, one love, one life

Your hand in mine
Some things were just meant to be
Hearts intertwined
Some things were just meant to be
In perfect time
Some things were just meant to be
Oh you and I
Some things were just meant to be
Your hand in mine
Some things were just meant to be
Hearts intertwined
Some things were just meant to be
In perfect time
Some things were just meant to be
Oh you and I
Some things were just meant to be
