

# Ed Sheeran, When Will I Be Alright

Oh, I've been up all night  
Thinkin' 'bout dyin'  
I've just been wastin' time  
When will I be alright?  
God is not on my side  
But God knows I'm tryin'  
I need to redefine  
When will I be alright?

Listen to my heart beatin'  
Why is there this empty feelin'?  
Losin' hope and all reason  
When will I be alright?

I have lived a rough life  
Constantly fightin'  
Cheeks bruised and knuckles wiped  
When will I be alright?  
Hold my breath to stop breathin'  
Love, I used to know the meanin'  
I'd wake up if I was dreamin'  
But when will I be alright?

I saw, now I am blind  
To all the seasons  
I see a fadin' light  
When will I be alright?

Listen to my heart beatin'  
Why is there this empty feelin'?  
Losin' hope and all reason  
When will I be alright?  
I tried my best to stop believin'  
I wonder about the arms she's in  
This is it, the end is nearin'  
When will I be alright?

Ooh
