Dyou hear the one about  
The one youre now without?  
Did it make you smile?

The one you filled with doubt?  
Was it worth your while?

The way you kick a life around  
Deserving to be underground  
What is this?

Joke, Im laughing, Im laughing

Dyou hear the one about  
The one who fell from space  
One minute in the stars  
The next minute lying on their face?

She says I dont know what to be  
And does she look younger than me?
