Edith Frost, Follow

Ahhh we'll snort with pleasure Ahhh we'll forego washing We'll hold a holiday of love I'm a green tree you're the air I'll follow you there I'll follow you

Engulf me lover

Ahhh we'll take a tumble Ahhh down in the gravel I'll take your hand to lead me over Hang our colors in the air I wanna follow you there I wanna follow you

Engulf me lover And loop me into blue Enfold me lover

Ahhh we'll taste the nectar Ahhh we'll share the bounty I'll bear the cost of our defense Never looking back again I'm gonna follow you in I wanna follow you

Engulf me lover And loop me into blue Enfold me lover

Enclose me lover
