

# Editors, Release

The city is not that far  
Made from the sun you are  
Oh what a star you are  
The city is not that far, that far, that far

Life in black and white  
My lord what a perfect sight  
I'll lose this, I always do  
I'll lose this, I always do

Release find your peace my love  
Release find your peace my love  
Release find your peace my love  
Release find your peace my love  
Release find your peace my love  
Release find your peace my love  
Release find your peace my love, my love, my love

Life in black and white  
My lord what a perfect sight  
Made from the sun you are  
Oh what a star you are
