

# Electric Light Orchestra, It's Over

Summer came and passed away,  
Hardly seemed to last a day,  
But it's over,  
And what can I do.

Music playin' in the air,  
Silence on a darkened stair,  
Cos it's over,  
And what can I do.

## Chorus

It's over, It's over, all over,  
It's over all over now,  
And the way you looked  
Don't even mean I'm down.  
(It's over)  
When you kick out the sea  
And the sun says goodbye  
There is nothing much to speak of.  
(Getting down, down)  
(It's all over)  
(Getting down, down, down)  
(Hurry baby, it's all over now, rose up to see)

Lookin' over sunny days,  
(Searchin', searchin')  
Searchin' for the righteous wave,  
'Cos it's over,  
All gone, what can I do  
Lookin' from the distant shore,  
(Distant shore)  
You ain't sailin' by no more,  
'Cos it's over,  
(It's over)  
And what can I do.

## Chorus

It's over, It's over, all over,  
It's over all over now,  
And the way you looked  
Don't even mean I'm down.  
It's over, over  
(It's over)  
When you kick out the sea  
And the sun says goodbye  
There is nothing much to speak of.  
(Getting down, down)  
(It's all over)  
(Getting down, down, down)

Ha, it's over, it's over, it's over  
It's all over  
(And what can I do)  
Ha, it's over, it's over, it's over,  
It's all over  
(Oh, it's over, it's over, don't shed a tear for me  
it's over, don't shed a tear it's over oh no, it's over)
