

# Electric Light Orchestra, Rain Is Falling

(Rain rain, go away, come again another day)

Early in the morning  
The sun was up and the sky was very blue  
Without a warning  
As I looked out, my thoughts returned to you.  
A noise in the city made the children run  
And hide themselves away  
And thunder boomed and lightning filled the sky.

Looking from this window  
A thousand rivers running past my door  
Standing on an island  
Looking for someone upon the shore  
I can see it very clearly, nothing's really changed  
Then lightning strikes across an empty sky.

CHORUS:  
Ooohh, the rain is falling  
Ooohh, the rain is falling  
Ooohh, the rain is falling  
Will it wash away the lonely tears?

(It's raining, it's pouring, the old man is snoring)

With their brand new time transporter  
They'll think maybe I fought to get away  
But with all their great inventions  
And all their good intentions, here I stay  
Down on the corner where the sun had shone  
The people gathered round  
Then scattered as the raindrops hit the ground.

REPEAT CHORUS:

(It's raining, it's pouring, the old man is snoring)

REPEAT CHORUS:

(It's raining, it's pouring, the old man is snoring)  
(Rain rain, go away, come again another day)
