

# Elisabeth Withers, Be With You

[Verse 1:]

I Notice Everytime When We're Out Together - And You See Some Hottie  
Passing By You Quickly Turn Your Head (Uh Uh)  
Don't Try To Shake It Off Say Whatever - Baby I Ain't Blind  
Cuz I'm Not Trying Blame You

[Trans-Chorus:]

What's On Your Mind? - What Turns You On? - Cuz Baby It's Ok  
You Know I Love You And Tonight - We're Gonna Play

[Chorus:]

I Wanna Be With You - Turn The Lights Down Low - Pull My Shirt Up  
Slow  
Open The Buttons One By One - And Watch You Come Undone  
I Wanna Be With You - From My Skin Tight Jeans To The Lingerie  
Tonight I'm Gonna Be - Every Woman - In Your Fantasy

[Verse 2:]

Switch Your 2-Way Off And Light The Candles  
Put The Slow Jam On  
Cause All There Is Is You And Me Here  
Baby Lean Back Make Yourself Comfortable  
Take Your Shoes Off Loosen Your Tie  
Cause You Aint Going Nowhere Tonight

[Bridge:]

Let Me Cook A Little Something For You  
It's My Kitchen And I Know What Im Gon Do  
Work The Dough With Extra Care - Add A Little Spices Everywhere  
Steam The Meat With Wine And Juices  
Turn Up The Heat - No Excuses  
Whip The Eggs And Prepare The Candies  
Taste The Flavors Make Sure It's Ready

[Chorus X2]
