

Ella Eyre, Dreams (ft. Yxng Bane)

Don't know much about you
But i heard about you for the longest time
And i see you round
Whenevre i go out whit some friends of mine
And i remember when i saw you standing in a different light
It's funny where my mind goes
When i am in my bed at night though

Coz i'ds. push you away in real life
You ain't even close to my type
But when i am sleeping everuthing's upside down
Upside down

I saw you last night in my
My dreams
If felt so beautiful i almost believed
We were a thing and i liked it
I nver looked at you like this
Til i saw you las night in my
My dreams

Why you in my dreams
Why you in my dreams
Why you in my dreams
Why you in my dreams
