

Ella Mai, DFMU

Like a glimpse from the past
You conceal the dark
In a frame
You're the poster upon the wall
In my dreams
You the prince and I'm at the ball
Fairytale, I'm not used to them at all

You got me questioning
What have you done to me
Used to be out of reach
Feel like you're testing me
You're the necessity
Full court press on me

Don't f*** me up
Don't let me down
You know I wanna be around
You tugging waring with my heart
Didn't think it'd ever be so hard
Crazy I'm letting down my guard
Don't f*** me up
Don't let me down
'cause if its love I wanna drown
I need to hear it from your mouth
Can't wait no longer
Tell me now
Don't f*** me up
Don't let me down

Such a risk
But I'm willing to take a chance
What you think with my heart sitting in ya hands
Gotta learn how to let someone in to hold
It take time
Gotta trust who I let control

You got me questioning
What have you done to me
Used to be out of reach
Feel like you're testing me
You're the necessity
Full court press on me (oh ohhh)

Don't f*** me up
Don't let me down
You know I wanna be around
You tugging waring with my heart
Didn't think it'd ever be so hard
Crazy I'm letting down my guard
Don't f*** me up
Don't let me down
'cause if its love I wanna drown
I need to hear it from your mouth
Can't wait no longer
Tell me now
Don't f*** me up
Don't let me down

If you really care for me
Just make sure you're there for me
Feel I'm falling in too deep
That's okay, just rescue me

Let me know what you want from me
Open up, let me in and see boy
Yeah I know where I wanna be
Just wanna know
What your loving means ohh

Don't f*** me up
Don't let me down
You know I wanna be around (be around)
You tugging waring with my heart (with my heart)
Didn't think it'd ever be so hard (it be so hard, oh yeah yeah yeah)
Crazy I'm letting down my guard
Don't f*** me up
Don't let me down
'cause if its love I wanna drown (i wanna drown ohh)
I need to hear it from your mouth
Can't wait no longer
Tell me now
Don't f*** me up
Don't let me down
(don't let me down)

Don't let me down
Let me down down
Hey yeah yeah

Don't f*** me up
Don't let me down
Don't f*** me up
Don't let me down
