

Elle King, Shame

you feel it creep
creeping at the tempo
don't you need it pumped
pumping til it crumbles
trouble, trouble's what you need
that's what you get in getting me
from the bottom of your soul

shame /4x
mama doesn't know
every night you go to
shame /4x
devil woman wants to roll
I can ,ale you shake
rattle your bones

I'm a fire, just to spark under your halo
rolling thunder, I'm high up
ain't got no shame, no
trouble, hey, what you calling me?
come get some of what you need
from the bottom of your soul

shame /4x
mama doesn't know
every night you go to
shame /4x
devil woman wants to roll
I can ,ale you shake
rattle your bones

you can live forever, babe
walk with me in shadows
I can make you better, babe
come pray with me,
get safe with me

shame /4x
mama doesn't know
every night you go to
shame /4x
devil woman wants to roll
I can ,ale you shake
rattle your bones
