

# ELO, Take Me On And On

The stars that shine so brightly  
They call to me  
I dream of how it might be  
Somewhere far away.

Oh, take me on and on  
Oh, ooh, until the world has gone  
Take me on and on, on and on.

The chains that hold you  
Those chains will soon be gone  
Sail upon the ocean  
Sail back to me.

Oh, take me on and on  
Oh, ooh, until the world has gone  
Take me on and on, on and on.

Take me on, on and on  
I see it all below  
I know which way to go  
I see the afterglow.

Oh, take me on and on  
Oh, ooh, until the world has gone  
Take me on and on, on and on  
Take me on and on, on and on  
Take me on and on, on and on  
Take me on and on, on and on  
Take me on and on, on and on  
Take me on and on, on and on...
