

Elysium, Quicksilver Shadow

Tired Of Being Alive
One With Shame Tonight
Between Mistrust And Sadness
Simply Can't Tolerate This
Affected & Impressed
Now Tell Me What Is Wrong
Provide The Possibilities
But Still I Won't Believe
Let Me Tell You Of Brand New Trouble
Deconstruct Logic Foundations
Like A Ghost In A Sun
Tryin' To Explain Who I Want To Be
What If I Leave Undone
And What If Hope Was Broken
All Energy Is Gone
What If There's No Choice
And What If Time Is Not On Our Side
All Love Is Drained
This Is Everchanging
Perfect Fragile Images Crash
There' No Comfort
In Silent Room Of Nothing
Think For A Moment
Is There Any Magic Between
What Did Those Words Mean
How Could They Hurt So Deep
From A Corner Watching
There's A Different Scale
Standin' Numb & Naked
Failure Challenger's Choice
