

# Eminem, Daddy Don't Go

i remember when i was little  
i saw you walk out that door  
i remember seeing my mum  
her heart was broken and sore  
well now you know that i really hate you  
i wish i could shoot you  
i learn every day by your mistakes  
now i know never to leave my daughter  
just like you did me  
well thats tough my daughter stays with me  
she makes happy no matter what  
just coz 8 mile was a big hit  
your my papa that dont mean you are  
you piece of \*\*\*\*  
now rap over  
hopefully you too
