Yo! Turn that click off

My music is soothing  
But its also been provin  
That it can put you in the mood to  
jump out your car while it's movin  
You been waitin' on this moment  
My sermon is like a omen  
I'm servin' I'm Erick Sermon  
I saw the window was open  
And I jumped through it  
My shit if you don't get pumped to it  
I quit, here's my rhyme book  
Go ahead and thumb through it  
And pick what you want from it  
Rummage, and find something  
you can use to jump someone  
And roll up bumpin  
I'm constantly copin' over you  
Squattin', shit has gotten to the point  
Where I ain't even writin' no more, I'm just jottin'  
This is chicken scratch, shit is sickenin'  
I've been kickin' ass off bullshit  
Throwaway rhymes, pick a batch  
I live for the love of rap, you crazy  
Ive made beats for Jay-Z for free  
Page me, you need a beat, you Cannabis  
Then it's Dre's fee, you Kay Slay the fees waved  
I stay beefin' with JD, till the day Dre 2-ways me  
That it's okay to stop blazin' him  
Oops! I put it out, I apologize now  
It's too late G, it's on tape  
And the tape leaped, "Say What You Say" mothaf\*\*ka  
Drama King, Kay Slay, mothaf\*\*ka, We dictate these mixtapes mothaf\*\*ka
