

# Eminem, Freestyle I

Im driven to write  
given the mic  
livin the life  
that u livin at night  
just to live in the light  
and deliver delight  
and slither the slight sight  
of the life that ain't right  
into your mind  
meant to remind  
u went through the grind  
to get through the line  
ain't no more waitin  
to reach ur goal  
there ain't no more satan  
to impeach ur soul  
he can't affect u  
he can dissect u  
and change ur mind  
bad thoughts can direct u  
defects can be gains  
ur worries are tainted  
mistakes can be saints  
cuz they can correct u
