

# Eminem, Friends

## CHORUS

My friends have told me  
It's all around me  
The signs of you guys  
Being there too  
I know it might be  
A little Crazy  
It's true without it  
You wouldn't be you  
I miss the times when we were  
About 10

We used to run around  
Play around  
It was happier then  
I still know you guys now  
But you're not the same  
I used to like it when  
Our lives were a game

## REPEAT CHORUS

I've got some new friends  
You'd really like them  
I can't help but  
Think about when  
The games were over  
Into a uniform  
Still inside me  
The thought of you is warm  
I really miss you  
Wanna hug and kiss you  
And

## REPEAT CHORUS

The time is messing up  
I feel like dressing up  
It makes it harder  
To realize it

## REPEAT CHORUS (X2)

I really miss you  
Wanna hug and kiss you  
It's me and you  
Guys
