

# Eminem, Rockville

Alright its my turn let me show you how I do shit  
Its nothin like you guys cause I recite poetry that knowone likes  
This is the night for all of us to flow to everyone and not for fun  
come on now Im on its real and Ima tell you how I feel  
Everyone of you punk mothafuckas see us as fake  
thats a big mistake cause when your fuckin with us we cant be stopped  
were on top poppin off right now whilin out  
fucking with us you will be dealt with your head cut off  
me and my crew arent soft you will be pissed and I also promise  
to leave you dismissed along with gettin your ass kicked  
were from the ROCK and where Im from you cant be seen  
All of you are the downfall and you dont have the balls to come at us  
Im NOTORIOUS like BIGGY and I love when fake niggas test me  
I came in this game with my pockets empty and left with a roll of 20's  
Theres a first time for every rhyme and every line this is mine  
My 1 YEAR bid in the bin it made me a man  
Doing this shit crazy while half of you amaze me  
If this is nonsense to you its because you aint been through  
You obviously aint been threw shit  
Age 16 started hating everyone and everything cause I relized that  
shit doesnt always go my way unless I got money that earns say  
While the consequences every year come with fear  
Cause around here you never know when death is near  
This shit is really how I feel doubt me and it makes me stronger  
Its an adrenaline rush when I touch the dutch along with the mic  
Around here I am well liked so fuck all of you that think Im shit  
cause if there really is a real nigga Im it  
I aint gonna stop till I know me and my crew are on top  
of the charts and ahead of our rap game  
Maintain by gettin our words of stress  
Str8ght to all of your heads so you know we dont play  
I pray everyday to be like me cause I know Im ready  
to do this shit that I was not taught to do  
My mind is my eyes that lye me to be blind  
hoping to find my lyrics to make all of you fear this.
