

Eminem, Thug Luv

yo i keep m luv snug bruv
but im white, so i dont know no thug luv
but what you do find is thugs luv then 2time
its a truecrime but most do it
like should i or should'nt i arrr screw it
then when she finds out your cheating
she gives you a raw beating for leaving
and not luvin
then shit gets heated hotter than a hot oven
cos you've broken bonds
kissed others with open tongs
being disloyal
like whats been planted in this soil
but this is all i've herd
how they cheat and end up dead from their bird
so if you blare a word of cheating
you havent put one foot in
you've stook both feet in
then you start watching your back from day one
like you got your clothes the wrong way on
but as i say
i dont know no thug luv and im not one like goldie[ahah]
so were did i get this shit from?
a little birbie told me
