

Eminem, Tone Deaf

yeah
i am sorry
huh?
what did you say?
Oh. I can't hear you
I have an ear infucktion
And i cunt finger it out
Yeah
I need autotune

It's my alter ego's fault
These evil thoughts can be sod ark
Cerebral palsy
Three Zolofts
I eat, doze off to Rico Suave
Look it up!

Cadillac with a lader rack in the back
With a cracked axel
A backpack full of Paxil
A black satchel
A knapsack and a flask full
Of 'gnac and Jack Daniels*
