

# Emma Bunton, Baby Please Don't Stop

Baby Please Don't Stop

something's taken over my heart  
caught me in the moment of weakness  
boy you have been from the stars  
now I all wanna taste your sweetness

so I supposed trying fighting  
she's got me in the palm of his hand

you could shake me down  
you can wrap me up  
you can drive me crazy  
babe please don't stop  
I am going out of my head  
to feel your love  
but too much  
can never feel enough  
so Baby Please Don't Stop  
oh Baby Please Don't Stop  
Baby Please Don't Stop  
oh Baby Please Don't Stop

you could shake me down  
you can worm me up  
you can drive me crazy  
babe please don't stop  
I am going out of my head  
to feel your love  
but too much  
can never feel enough  
so Baby Please Don't Stop  
oh Baby Please Don't Stop  
Baby Please Don't Stop  
oh Baby Please Don't Stop

something's taken over my mind  
and that's a place I never been to  
I'm not the  
but it happen on the moment I met you

so what's the point trying to fighting  
I want you more I can stand

you could shake me down  
you can worm me up  
you can drive me crazy  
babe please don't stop  
I am going out of my head  
to feel your love  
but too much  
can never feel enough  
so Baby Please Don't Stop

..  
the deep I;m in  
the more I lose  
the more I went

so Baby Please Don't Stop  
you could shake me down  
you can worm me up  
going out of my head  
to feel your love

you could shake me down  
you can worm me up  
you can drive me crazy  
babe please don't stop  
I am going out of my head  
to feel your love  
but too much  
can never feel enough  
so Baby Please Don't Stop  
oh Baby Please Don't Stop  
Baby Please Don't Stop  
oh Baby Please Don't Stop
