Emmanuelle Seigner, I Know My Way

I know the words that you want to give I know all of your deepest fears And I I know my way Around your heart

I can tell when you somewhere else I know you better that I know myself And I I know my way Around your heart

I?II pick the locks
I?II bright the guards
I?II find my way inside you
It?s not that hard
Cause I
I know my way
Around your heart

I know all of your darkest dreams I know what you think they mean And I I know my way Around your heart

I can tell when you lift me most
I?ll take your hand I?ll pull you close
Cause I
And I
I know my way
Around your heart

I?II pick the locks
I?II bright the guards
I?II find my way inside you
It?s not that hard
Cause I
I know my way
Around your heart
