Oh, great, it's another friendzone Yeah, Baby, hit me one more time Facepalm. Could you do me a favor? Let's be friends with benefits tonight

She's so young, she's so wild and free The cutest smile, the prettiest eyes I have ever seen She likes whiskey, she likes Mötley Crüe She stares at stars every night just like I do

She's a rebel, though she's super smart She plays me as if she plays darts for fun She reads Freud and she comprehends She's like a rabbit I just wanna and I need to chase
