En Vogue, Back To Life, Back To Reality

Back to life, back to reality
Back to life, back to reality
Back to life, back to reality
Back to the here and now yeah
Show me how, decide what you want from me
Tell me maybe I could be there for you

However do you want me, However do you need me How, however do you want me, However do you need me. However do you want me, However do you need me How, however do you want me, However do you need me.

Back to life, back to the present time, Back from a fantasy yeah Tell me now, take the initiative I'll leave it in your hands until you're ready oh

However do you want me, However do you need me How, however do you want me However do you need me, However do you need me How, however do you want me However do you need me

However do you need me However do you need me However do you need me However do you need me

I live at the top of the block, No more room for trouble or fuss Need a change, a positive change look Look it's me writing on the wall However do you want However do you

Back to life, back to the day we have Let's end this foolish game Hear me out, don't let me waste away Make up your mind so I know where I stand
