

# End Of Green, Seasons Of Black

When I see the pain and sorrow of this earth  
when I see a little child die by a war  
then I'm feelin' I lost all what I love and hate  
then I know the seasons of black run to my head  
when I'm walkin' into the mirror of black  
then I know I never come back here again  
then I'm feelin' I lost all what I love and hate  
then I know the seasons of black run to my head
