

Endanger, Silkskin

s passion starts
forgotten hearts
return to light
through peaceful moments
theyre getting strong
theres no more pain - no more pain

Ref.:
Silkskin, Im loosing my sleep
Silkskin, I cannot live without you
Silkskin, Im loosing my sleep
Silkskin, I cannot ignore you

When passion dies
love gets paralysed
the haze grows thick
misery
affixed to me
the moment will come for you
to burn in hell

Ref.:
It all ends where it begins
dust to dust
its time to cleanse the world
Silkskin,
