

ENISA, Disco Cone (Take it High) - feat. Wenzl M

Every woman walk to the dance floor
Livin' forty-five, we about to start the party
Follow my instructions, we gon' do this my way
Follow me, we go left, right, left, right

I'm dancing with my shoulders
This beat is taking over
I heard that saxophone, da-ra-da-ra-ra-ra
I'm dancing with my shoulders (Aha)
This beat controls my mind (Aha)
I heard that disco cone
Make me drop it low and take it high

Make me drop it low and take it high

No, I can't sleep, can't do no wake, no, not to fight
But it's okay, you should know that I'm besties
With the beat playing in my mind
Follow me, we go left, right, left, right

I'm dancing with my shoulders (Aha)
This beat is taking over (Aha)
I heard that saxophone, da-ra-da-ra-ra-ra
I'm dancing with my shoulders (Aha)
This beat controls my mind (Aha)
I heard that disco cone
Make me drop it low and take it high

Make me drop it low and take it high
I'm dancing with my shoulders (Aha)
This beat controls my mind (Aha)
I heard that disco cone
Make me drop it low and take it high

Make me drop it low and take it high
Make me drop it low and take it high

I'm dancing with my shoulders (Aha)
This beat is taking over (Aha)
I heard that saxophone, da-ra-da-ra-ra-ra
I'm dancing with my shoulders (Aha)
This beat controls my mind (Aha)
I heard that disco cone
Make me drop it low and take it high
