

# Enrique Iglesias, Move To Miami (feat. Pitbull)

she move like a gypsy  
her body got me tipsy  
I should take a step back  
fall back  
this girl got me feeling risky

she is ready for the taking  
and I got the motivation  
cuz when you see your dance  
there's a chance you might not  
come home from vacation

and if you look  
you fall in love  
love  
she got that ass  
she make it clap  
she'll leave you shook  
and now you hooked  
the way she dance  
she gon' make you move to Miami  
she gon' make you move  
she gon' make you move to Miami  
she gon' make you move  
she gon' make you move to Miami

she gon' make you move to Miami

Monday, Tuesday  
Wednesday, Thursday, Friday  
we gn' party  
freaking every weekend  
baby we just getting started

and if you look  
you fall in love  
love  
she got that ass  
she make it clap  
she'll leave you shook  
and now you hooked  
the way she dance  
she gon' make you move to Miami  
she gon' make you move  
she gon' make you move to Miami  
she gon' make you move  
she gon' make you move to Miami

she gon' make you move to Miami

what happens in Miami  
Snever happens  
she said no hands  
booty still clapping  
she wanna be Eve  
here's an apple  
welcome to the booty shakin' capital  
In Miami  
Where?
