

Enrique Iglesias, Somebody's Me

Somebody's Me

You, do you remember me?
Like I remember you?
Do you spend your life
Going back in your mind to that time?
Because I, I walk the streets alone
I hate being on my own
And everyone can see that I really fell
And I'm going through hell
Thinking about you were somebody else

Somebody wants you
Somebody needs you
Somebody dreams about you every single night
Somebody can't breath without you, it's lonely
Somebody hopes someday you will see
That Somebody's Me [2x]

How, How could we go wrong
It was so good and now it's gone
And I pray at night that our paths will soon cross
And what we had isn't lost
Cause you're always right here in my thoughts

Somebody wants you
Somebody needs you
Somebody dreams about you every single night
Somebody can't breath without you, it's lonely
Somebody hopes someday you will see
That Somebody's Me [2x]

You'll always be in my life
Even if I'm not in your life
Because you're in my memory
You, will you remember me
And before you set me free
Oh listen please

Somebody wants you
Somebody needs you
Somebody dreams about you every single night
Somebody can't breath without you, it's lonely
Somebody hopes someday you will see
That Somebody's Me [5x]
