Enrique Iglesias, There Goes My Baby (Feat. Flo

There is only one Flo and one Rida (one love, one love)

Enrique

She came from nowhere and she stole my soul Her love was criminal I finally found what I was looking for Now I can't let it go

We break up to make up You got me spinning like a yoyoyo [?] But I know that you know That girl you will always be mine

Hey! There goes my baby Hey hey baby come back to me /2X

I get so high when she go down down low She work it nice and slow We going round and round and back and forth Can't take it anymore

We break up to make up You got me spinning like a yoyoyo But I know that you know That girl you will always be mine

Hey!
There goes my baby whoa
Hey hey baby come back to me
/2X

There goes my baby My wholesome lady Hold me down if my whole world went crazy That's what she spoke Just what she said Now that's a joke That talk is dead Know I got to get over the love I had The door I keep it open just in case she come back Can't deal with the emotions to the point I'm sad And I know my hearts broken but I've got so [?] Baby come back I won't get no sleep She more than I want and all that I need Locked up my heart and threw away the key so And when my baby come back I'm crossing my T's dotting my I's And now I can't eat Out of my mind And that's how it's gonna be so, so, so

There goes my baby Whoa Hey hey baby come back to me Hey! /4x
