

# Eric Burdon, Galaxy

Take me to your place in space  
I'm simply tired of mad rage  
On rocket ship no time to wait  
I just want to gravitate

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
It's gone

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
It's gone

I'll take you out to see the place  
Where the man and the moon have a simlin' face  
Oh yeah  
You dont have to wear no fancy lace  
Just a funky feel and alot of taste

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
It's gone

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
It's gone

People movin' too and frow  
To a song, a band, and a lazy show  
Superman, batman, goin all night  
Playin one on one with a meteor light

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
It's gone

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
It's gone, gone, gone

Ninth demension, seventh lane  
i'll get raised in solar cane  
The star patrol said keep it down, keep it down, keep it down, keep it down, keep it down, keep it d  
As long as the rule when you stay in town  
As long as the rule where you stay around

It's out of sight  
(It's out of sight)  
It's out of sight  
(It's out of sight)  
It's gone  
(In the galazy)  
It's gone  
(At the galaxy)
