

Eric Carmen, I Was Born To Love You

I never really understood love
No, not until I saw your face
Then I knew what I'd been missing
For all my life

I never let myself believe it
No, not until I looked into your eyes
Then I knew I found all I need
The moment that I found you

Chorus

I was born to love you
Born to be right there by your side
Through all your darkest nights
I was born to love you
I'd do anything to make you mine
Until the end of time

There's no need to ever doubt it
You set my love free when you walked in the door
You changed everything
You're all that I'm living for

Repeat Chorus

You changed everything
You're all that I'm living for

Repeat Chorus twice

I was born to love you
