

Eric Johnson, Missing Key

You don't want me to tell
You about my emotions
You don't want me to tell you
I still care
Cause when I try hard to tell you
About my devotion
You talk to me, but it's true
You're just not there...oh no
Some people spend all their lives
Inside an illusion
And some of us try to realize
It's there
You know I die when I try to tell you
About the solution
Cause you spell out all the words
My heart can't bare
But I know you're there somewhere
That's why I'm on my own now
I've got to go away
I just can't stay
So all the secrets that I will hide
Just to see you
Will slip inside of my house and
Let it be
In the end when I might begin to
Forget you
I'll still be reaching to find the
Missing key
Of you and me babe
I've got to go
Gonna leave today
I can't stay no more
