

# Ernest Tubb, She's Lookin' Better By The Minute

She's looking better by the minute well I don't know what's in it  
That makes the drink turn a poor boy's head  
She's not much to look at a little old and a little fat  
But I'll hang around and have a beer or two  
For I know if I'll drink enough she won't look quite so rough  
It's amazing what a little beer can do  
She's looking better by the minute well I don't know what's in it  
That makes the drink turn a fellow's head  
She's looking better by the minute I guess they must've been bended it  
To go right to a poor boy's head

Now she don't looks so awful bad considerin' in all this beer I've had  
As a matter of fact guess I could do worse  
I could take the sixpacks home but I sure hate to drink alone  
And it takes more than beer to clinch my thirst  
She's looking better...  
[ guitar ]  
Now in the darkness of this bar she looks like a movie star  
That goes to show how wrong the guy can be  
I guess I'd better pick her up fore I start to sober up  
We'll have a ball this movie star and me  
She's looking better...  
To go right to a poor boy's head
