

# Eskobar, Someone New

So is it goodbye?  
Is it time to set you free?  
Is it time to let it fly?  
Is it time to let it bleed  
We used to take turns  
To cover up the pain  
Deep below it burns  
And the fellin still remains  
Youre gonna find someone new  
I really hope you do  
Cause I love you  
And the sun will come on thru,  
Its gonna shine for you  
Cause I adore you  
Yes we gave it a try  
But maybe for too long  
Out of every sorrow  
Another day will dawn  
Youre gonna find someone new  
I really hope you do  
Cause I love you  
And the sun will come on thru,  
Its gonna shine for you  
Cause I adore you  
And the road travels on  
But Im still near you  
In my life, like a song  
I will still hear you  
Still  
Sun will shine for you  
Cause I adore you...
