

Eskobar, Worship You

One look, one smile
was all it took
One lie, one heart
was broken

It was real, it's the only excuse
But I know that forgiveness
is a dream

(chorus)
I worship you, I do
I worship you, I do
I worship you, I do

One look, one smile
was all it took
One lie, one heart
was broken

It was real, it's the only excuse
But I know that forgiveness
is a dream

(chorus)
I worship you, I do
I worship you, I do
I worship you, I do

(chorus)

Do... (worship you)
Do... (worship you)
