

Eternal Decision, Alien

I don't belong here
Stranger to this world
This place is not my home
Alien
This land of darkness
I do not know
My streets are paved with gold
I am an Alien

We have traveled on this far
Far away from home
With this love to guide our way
We will carry on

So unfamiliar to
These selfish ways
New life is born in me
Alien
I see no more crying
I see no more pain
There is a better place
I am an Alien
