

Europe, Angels (With Broken Hearts)

We built our wings
In so many ways
We built our home
Is the last things to fail
We built our love
Please, don't take it away

Out of the night
Come this angels With Broken Hearts
They watch us till the world apart
Out of the night
Come this angels With Broken Hearts
For you

We built our lives
Hope the one we chose
We keep our faith
Where's that nothing left to lose
And we give our hearts
Please, don tear it apart

Out of the night
Come this angels With Broken Hearts
They watch us till the world apart
Out of the night
Come this angels With Broken Hearts
For you
