

# Everclear, Here We Go Again

say here we go again say here we go again

oooooooo

you know i like to watch you sleep (sleep sleep sleep)

no... i don't want to touch you

you'll get mad at me

no... i don't want to think about

the bad times

aw... anyone could have a bad year

now i don't want you to show me

do not want you to know me

the way i used to be...

all these good things we have

would not mean a damn to me

and i don't want to hear

those words

you feel you have to say

when you find out

how i used to be

back in the day

yeah you know i like

the way you slide (slide slide slide)

yeah yes i like it when you do

that slow glide

now please don't bad talk all those  
good times

aw don't ask for answers, baby

that you do not want to hear

now i don't want you to make me

do not need you to break me

of all my childish ways

i'm still the same you know

dumb rock hard

and good to go

i still hear them voices calling me

from back in the day

aw baby... can't you see

there ain't no place

i'd rather be...

than watching dirty movies

in that happy room with you

sleeping on a mattress

in the corner

eating chinese food

i hear that voice in my head say

here we go again

now here we go again

i know you like the way i rock

sometimes i just need

to drown out

all that bad talk

i could not care less what your

friends say  
someone's always talking shit  
about the old days

you do not need to remind me  
that i left it all behind  
those things i used to do  
i don't want that other life cause  
i am so in love with you

i can barely hear it calling me  
from back in the day

aw baby... can't you see  
there ain't no place i'd rather be

than watching dirty movies  
in that happy room with you  
sleeping on a mattress  
in the corner  
eating chinese food  
i hear that voice in my head say...

here we go again

yeah here we go again

aw baby... here we go again

i know    here we go  
i know    here we go

i know    here we go  
i know    here we go

i know... i know... i know...  
i know... i know...

aw baby baby can't you see  
i know you got some doubts  
i know you don't believe  
i know you think that i'm crazy  
and i know you're just like me  
when i hear that voice inside  
it makes me want to jump right in

saying

here we go!            (go!)

here we go!            (go!)

here we go!            (go!)

here we go again...

let's go watch some dirty movies  
yes in that nasty little room  
sit right on the mattress  
while we eat that greasy  
chinese food  
i hear that voice inside my head say  
here we go again

oooh... baby here we go again
