

# Evol, Sad Doom Of A Dark Soul (Chutulsumgal's

(Music by Lord of Sorrow; lyrics by Prince of Agony)

I feel You

In my sleeps

In my dreams

When I wake

When I lie...

This cold tower

Called R'lyeh

Is my jail

Feel, oh man

My dark hand

On your doom...

Now I'm blind

Now I'm lost

Show the path

Guide my sight

Where am I?...

Oh poor life being

Leave your body

Feel my presence

Touch my hatred

For your kind

Let me penetrate your life...

"Everything's so vague. Mist covers my spirit; I feel a presence,

I hear his breath, I call,

I cry, silence in his voice.

Now I'm lost, no way-out from this land of loneliness..."

You are mine!
