

# Exit 13, Ethos Musick

[Music: O'Donnel, Lyrics: Yurkiewicz]

There are so many f\*\*king problems  
the human species seems insane  
What kind of persuasion is needed  
to affect benefical change?!?

ETHOS MUSICK!

We've got to find a way to halt  
all global devastation  
Before most life on the planet dies  
from malevolent manipulation

ETHOS MUSICK!

There's no more time for calm discussion  
We've gotta finally totally purge  
All perpetrators of crimes against nature  
in a definitively life affirming upsurge NOW!!!
