

Exploited, Porno Slut

I watch you on my tv screen
My mind's in overdrive
You're beeing whiped, your arse is red
Being suspended by your breasts

I love you, I love you
My little porno slut(repeat)

I love the smell of leather
You're my mistress of the night
I really want to own you
You body soul and mind

(Chorus)

Nipple clamps bite your skin
But your pain turns me on
Pubes are shaved
Your cunt is pierced
But it's your face i love the most

(Chorus)

Lying on your bed
Legs spred wide
Dildo in between your legs
Now she makes you beg
