

# Exploited, Porno Slut

I watch you on my tv screen  
My mind's in overdrive  
You're beeing whiped, your arse is red  
Being suspended by your breasts

I love you, I love you  
My little porno slut(repeat)

I love the smell of leather  
You're my mistress of the night  
I really want to own you  
You body soul and mind

(Chorus)

Nipple clamps bite your skin  
But your pain turns me on  
Pubes are shaved  
Your cunt is pierced  
But it's your face i love the most

(Chorus)

Lying on your bed  
Legs spred wide  
Dildo in between your legs  
Now she makes you beg
