

# Fabrizio Faniello, Somebody Sent Me An Angel

Somebody send me an angel from above,  
Send me down someone I can love when no one else,  
Could find me I was so lonely.  
I never knew that I had a lucky star,  
All that I wished could reached that far,  
I was just waiting, praying for the day.

RIT: Somebody send me angel,  
Send me that someone I could love,  
I close my eyes and you found me,  
You're the one that I've been dreaming of.  
I thank heaven above,  
Somebody send me angel.

You win my heart I kept hoping for the best,  
I never knew I feel so blessed,  
My loneliness is behind me, so far behind me,  
Cause when I look at your face I see in you the sun,  
Feels like a miracles began,  
You came to save, save me,  
Now I believe.

RIT: Somebody send me angel,  
Send me that someone I could love,  
I close my eyes and you found me,  
You're the one that I've been dreaming of.  
I thank heaven above,  
Somebody send me angel.

Say you'll never go.  
I was just waiting, praying for you in heaven.

RIT: Somebody send me angel,  
Send me that someone I could love,  
I close my eyes and you found me,  
You're the one that I've been dreaming of.  
I thank heaven above,  
Somebody send me angel.
