

# Face Of Anger, Octane Jesus

so stop pretending... that you know who I am and that you  
understand

and stop pretending... that you feel my pain, part of your evil scam

and you've only faded  
and you've only faded  
and you've only faded  
and you've only faded

into the octane Jesus  
into the octane Jesus  
into the octane Jesus  
faded, faded  
faded, faded

so stop pretending... it's okay to feel the way I do  
and stop pretending... 'cause you're the hate that generates  
and breaks me down it two

and you've only faded  
and you've only faded  
and you've only faded  
and you've only faded

into the octane Jesus  
into the octane Jesus  
into the octane Jesus  
faded, faded  
faded, faded...
