

Face To Face, Overcome

fake, even when you're sure this time it's real
pain, isn't just defined by what you feel

it isn't so wrong
to be where you're from
the image of what you are
can be overcome

angst, you'd cut out your heart to spite your mind
stay, even if it's just a waste of time

it isn't so wrong
to be where you're from
the image of what you are
can be overcome

I let my guard down
